

MZC 30 MZH 30 installed sound microphone ceiling hanger

FEATURES

- Ultra thin cable (9 meter or 29.5 ft. length) with integrated cable spool
- Tangle-free cable for ceiling hanging applications
- Rugged cable for unobtrusive placement of ME 34, ME 35, ME 36 microphone capsules
- MZH 30 for positioning of the microphone capsules in ceiling applications

The **MZC 30** is a versatile long connecting cable (9 meter length) for use with ME 34, ME 35 and ME 36 microphone capsules. The ultra thin ($\varnothing 1\text{mm}$) cable is equipped with a balanced floating XLR-3M connector, enabling the microphone to be powered from 12 - 48V phantom power, and features a special coax socket for the microphone heads. The MZH 30 ceiling mount attaches to and positions the microphone capsule, allowing for unobtrusive placement above a speaker or the audience.

ARCHITECT'S SPECIFICATIONS

The unit shall be modular and facilitate integration of different polar-patterned capsules. The 9 meter (29.5') hanging cable must have a 1 mm (.04") thickness, be reinforced, and terminate to a pre-amp housed XLR-3 connector. The system must maintain strict on axis positioning using a low mass wire hanger with a 2 mm (.08") thickness. The unit shall accept the ME34, ME35 and ME36 microphone capsules. The unit shall be a Sennheiser MZH 30 and MZC 30.

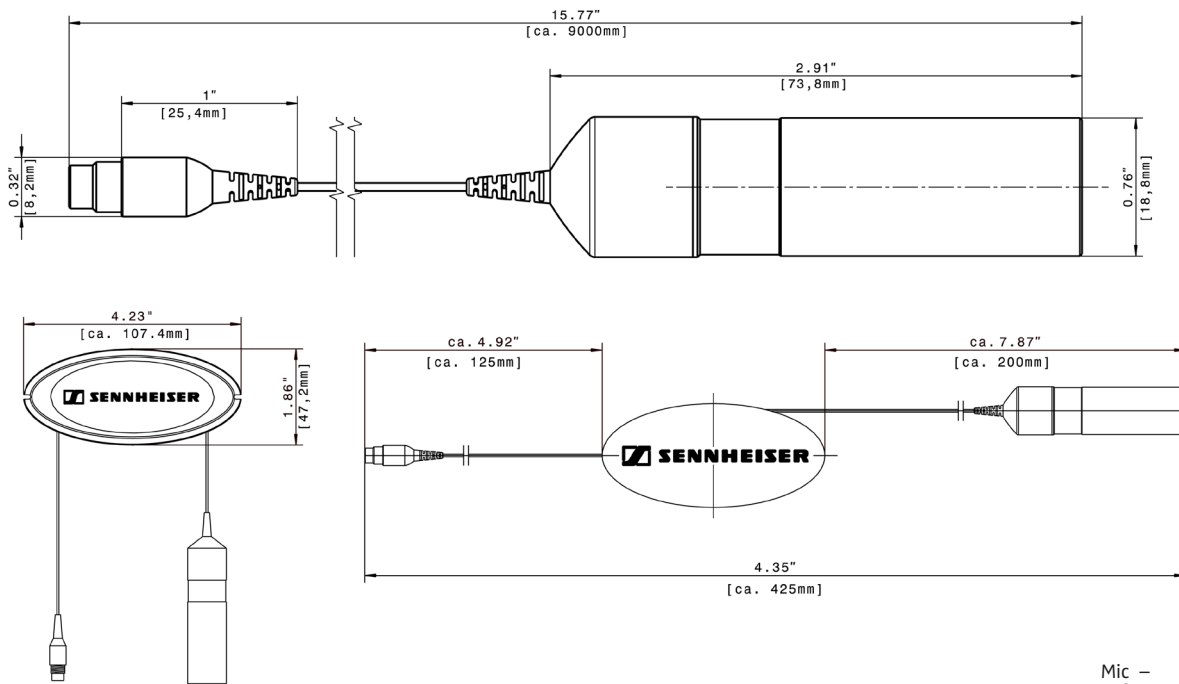

TECHNICAL DATA

Connection	XLR 3
Phantom Powering	P 12 - P48 V
Coating	matte black
Diameter	1 mm (0.04")
Length	9 m (29.52 ft.)
Weight (goosenecks)	70 g (22 oz.)
Delivery includes	MZC 30 MZH 30 (sold separately)
