			F000-255	Not Used
			S001-008	Chose 1 of 8 preprogrammed chases
3	RUN	DMX	When DMX is dis-engaged, the last DMX signal is locked on and output is maintained	
		STMT	When DMX is dis-engaged, the setting in STAT(static) is locked on and maintained	
4	CH	60CH	This mode use all 60 channels of the mini bar	
		11CH	This mode only uses the first 11 channels	
5	A001		Address 001 – Address 512	
6	SOUND*		Sound Activation	

*Sound activation will move the auto program from one cue to another by "listening" to the bass beat of the music. Remember no bass beat then the program will remain static in the cue and not move to the next cue.
