GT-S

Instructions

- Put the receiver into the 1/8" (3.5 mm) Mic input of an amplifier, powered speaker, or other audio device or use the included 1/4" (6.5 mm) adapter for 1/4" inputs. For Apple or Android phones, use the included phone adapter cables.

- Attach the Transmitter onto the included headband.

- On the Receiver, move the Power switch to On. The LED will begin flashing.

- On the Transmitter, move the Power switch to On. The LED will briefly flash until the Transmitter and Receiver automatically pair. The LED will then remain on.

- Adjust the volume to a suitable level. It is ready for use.

Caution

The LED will turn red when power is low, and will turn off when less than 10%. The LED will also turn red when charging.

Store in a dry location away from moisture. Avoid excessive heat.

For repair services, please contact Galaxy Audio. Do not attempt open or repair it. Doing so will void warranty.

Specifications
