

**Configuration:**

LW-307 ListenWIFI Hearing Assistance Signage

**Product Overview:**

The LW-307 Hearing Assistance Signage helps ensure guests are aware of a ListenWIFI assistive listening system at your venue, which is required to meet regulations for assistive listening. These signs provide simple instructions for users to get connected using their own smartphone, while also highlighting the availability of Wi-Fi Audio Receivers provided by the venue for checkout.

Each kit includes one (1) Hard Plaque and one (1) Window Cling, both of which are ready for mounting at a convenient and visible location in your venue.

The dimensions of the signs are 173mm (6.8 in.) x 250 mm (9.8 in.)

**Highlights:**

- Clearly communicates the availability of a ListenWIFI assistive listening system
- Provides simple, easy to understand instructions for users
- QR code provides quick access to the ListenWIFI app for smartphone users
- Satisfies compliance requirements for assistive listening signage
- Includes the international symbol of access for hearing loss
- Hard plaque with double sided tape allows for attachment to any surface
- Window Cling easily adheres to the inside of any window
- High contrast signs ensure easy readability

**Includes:**

One (1) Hard Plaque (with double sided tape)  
One (1) Window Cling
