

QolorFLEX NuNeon, Amber N914-A-10 is a sealed LED linear product that is flexible and safe for indoor or outdoor use. It is rugged, outdoor-rated, and dimmable. It can be cut to length and is available in a variety of colors plus RGB. It offers nearly the same visual impact as traditional blown glass neon without the problematic issue of installation and maintenance. QolorFLEX NuNeon operates on 24VDC and can be powered and controlled by a variety of QolorFLEX Dimmers and power supplies.
