LUX QUADRA X4

High-Output Quad-Cell Blinder with RGB Aura & Ring Effects

Vintage White + RGB Effects

The Lux Quadra™ X4 is a quad-cell blinder and RGB effect fixture that combines 1900K vintage-style warm white (amber) output with vibrant background and ring effects. Each cell features 1 x 50W WW LED with 32 x 0.2W RGB background LEDs that reflect off the aluminum inner housing, and surrounding each cell is a ring of 31 x 0.2W RGB LEDs that create dynamic color effects.

Loaded with Features

This fixture offers 11/23/32-channel DMX modes with separate or combined LED cell control, multiple built-in programs, and sound active operation. Variable dimming and 1–25 Hz strobe effects add flexibility, while its metal housing with interlocking side latches, 4-button control panel, 5-pin DMX in/out, and PowerCON® TRUE1-compatible connectors make setup quick and reliable.

Warranty

And of course, the Lux Quadra™ X4 is backed by Blizzard's 2-year limited warranty.

Main Features
