

Splitterally⁶ PIPELINE

RDM-capable DMX Splitter/Booster

Pipeline™ Splitterally 6 is an RDM-capable DMX splitter/booster, ideal for reliable signal distribution. The front panel includes both 3-pin and 5-pin DMX input and thru ports, plus a powerCON® TRUE1-compatible input and output.

The back features six independent DMX outputs with 3-pin and 5-pin XLRs for versatile connectivity. It also includes three M10 mounting points for rigging, and 19" rackmount panel adapters are available (sold separately) for 1- or 2-unit installations.

Main Features

- Indoor-rated, 6-output DMX/RDM splitter/booster
- 3-pin & 5-pin DMX input + thru
- 6 optically & electronically isolated outputs (3-pin & 5-pin)
- powerCON® TRUE1-compatible connectors
- 3x M10 threaded clamp mounts
- Power & DMX status indicators on front/rear

Weight & Dimensions

- Dimensions: 7.2 x 6.3 x 3.0 inches (183 x 160 x 77mm)
- Weight: 2.95 lbs (1.34 kg)

**19-inch rack mounting panel adapters for the Pipeline™ Splitterally 6 (indoor) are available in 1- or 2-unit versions (sold separately).*

Splitterally⁶ PIPELINE OUTDOORSY

IP65-Rated, RDM-capable DMX Splitter/Booster

Pipeline™ Splitterally 6 Outdoorsy is an IP65-rated RDM-capable DMX splitter/booster, perfect for reliable signal distribution in outdoor environments. The front panel includes a 5-pin DMX input and a powerCON® TRUE1-compatible input.

The back panel provides six optically and electronically isolated 5-pin DMX outputs for reliable connectivity. The unit's compact design also includes a top-mounted bracket with an M10 mounting hole for secure, stable clamp mounting.

Main Features

- Outdoor-rated, 6-output DMX/RDM splitter/booster
- 5-pin DMX input
- 6 optically & electronically isolated outputs (5-pin)
- powerCON® TRUE1-compatible connectors
- M10 clamp mounting point
- Rubber DMX and power plug caps

Weight & Dimensions

- Dimensions: 9 x 5.5 x 3.3 inches (228 x 139.5 x 83.3 mm)
- Weight: 3.4 lbs (1.54 kg)
