

S21 120V RETROFIT PROCESSOR MODULE

Date: _____
Type: _____
Firm: _____
Name: _____
Project: _____

Vari-Lite S21 Retrofit Modules allow venues to upgrade their existing S21 distributed dimmer strips with new relay power modules and more. This will allow them to integrate modern luminaires without replacing their entire existing power infrastructure.

For detailed product information, please refer to the Product Guide at <https://www.vari-lite.com/global/products/s21-retrofit>

Specifications

Due to continuous improvements and innovations, specifications may change without notice.

Electrical

Input Voltage	120-230V AC
---------------	-------------

Data

DMX512	2x 5 Pin XLR
	1 for DMX IN, 1 for DMX Thru

Connectivity

Protocols	DMX512
-----------	--------

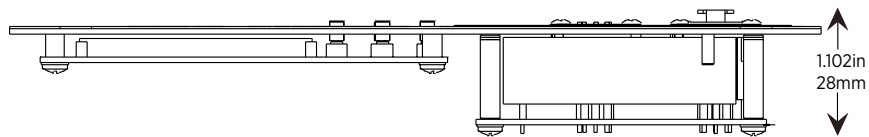

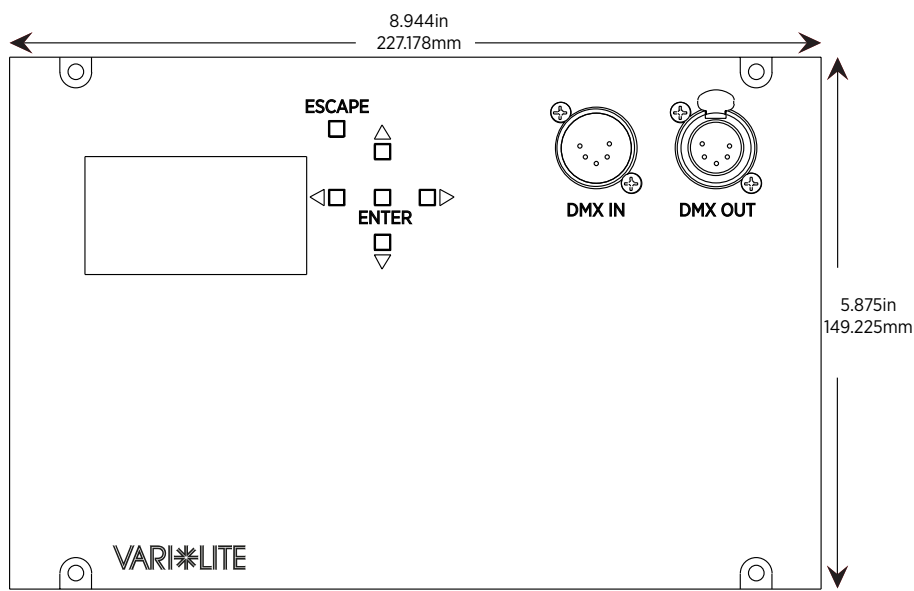

Certification and Safety

Conformity	UL Listed
------------	-----------

Physical

Operating temperature	0-40°C (32-104°F)
Humidity	5-95% non-condensing
Dimensions (HxWxD)	88.113 x 482.6 x 254mm (3.469 x 19 x 10 in)
Contruction	Formed Steel Assembly
Ingression Protection	IP20

Dimensions

Product and Accessories

Processor	Order Code
S21 retrofit processor	538014-121

Modules	Order Code
Dual Relay R21 & S21 module (20A total)	53814-132
Dual IGBT R21 & S21 module (20A total)	53814-133
