

IP65-Rated, High-Output 12x 20W RGBL LED Par

Tough, Modern, Powerful

The ToughPar™ Neo RGBL features 12x 20W high-output 4-in-1 LEDs, offering superior brightness and color mixing. Its 25-degree lenses ensure even coverage, while the rugged yet modern design is perfect for both indoor and outdoor use. With flicker-free performance and adjustable PWM frequencies (1200Hz to 20000Hz), it's well suited for a wide range of applications, making it ideal for photography and video production.

Endless Options

These fixtures offer 4/6/10-channel DMX modes + an easy-to-use 4-button OLED control menu with built-in programs, custom programs, color presets, user-selectable 32-bit dimming curves, and a virtual color wheel. Additionally, the ToughPar™ Neo RGBL comes with industry-standard 5-pin DMX input/output, powerCON® TRUE1™ compatible input/output, and a single bracket for versatile rigging or freestanding use.
