VISION.NET DIN RAIL RACKMOUNT TRAY - HORIZONTAL

The Vision.Net DIN Rail Rack Mount Trays allow easy installation of DIN rail mountable Vision.Net modules in an equipment rack. Vision.Net trays are available in horizontal or vertical mounting orientations. The vertical mount tray offers easy viewing of a single 35mm DIN rail, and is great for mounting in shallow-depth racks. For larger installations, the horizontal mount tray includes three DIN rails. Both tray versions are 3U sized rack trays and include a blanking cover.

- 3U rack tray for standard 19" (482.6 mm) equipment racks – install in any equipment rack in your installation

- Standard 35mm DIN-Rail – easily integrate Vision.Net and thirdparty DIN rail components

- Blanking cover included – securely hide components for a cleaner look in your rack

Specifications

Due to continuous improvements and innovations, specifications may change without notice.

Certification and Safety

Conformity	IEC 60297, EIA-310-D, DIN 43800, IEC 60715

Installation

Mounting	Rack-mounted, 2-post
DIN Modules (standard unit)	2x 24SU, 1x 8.5SU
DIN Rail Compatibility	2x TS35/7.5, 16.73 in. (425 mm)
	1x TS35/7.5, 5.91 in. (150 mm)
Maximum installed device height	116 mm (4.57 in)
Rack Unit	3U
Mounting Style	Static, Cantilever
Load Rating	13.6 kg (30.6 lb.)

Dimensions

Physical

Construction	Cold rolled steel, 18 gauge
Housing Color	Black, Fine texture, power coated
Dimensions (H x W x D)	
	132.5 x 482.6 x 362 mm (5.22 x 19 x 14.25 in)
Weight	4.3 kg (9.15 lb)
Operating Temperature	0 - 45°C (32 - 113°F)
Cooling System	Free air convection, fanless
Humidity	20-90% non-condensing

Product and Accessories

Product Name	Order Code
VISION.NET DIN RAIL RACKMOUNT TRAY - HORIZONTAL	53906-101
Includes cover and mounting hardware.	

Other enclosures & trays	Order Code
Vision.Net DIN Rail rackmount tray - vertical	53906-102
Vision.Net DIN Rail Enclosure - Small	53906-001
Vision.Net DIN Rail Enclosure - Large	53906-002
