

VISION.NET DIN RAIL RACK MOUNT TRAYS

OVERVIEW

This document provides installation and operation instructions for the following product(s):

PRODUCT NAME	ORDER CODE
Vision.Net DIN Rail Rack Mount Tray, Horizontal (3U)	53906-101
Vision.Net DIN Rail Rack Mount Tray, Vertical (3U)	53906-102

INSTALLATION

To install Vision.Net DIN Rail Rack Mount Trays:

- Step 1. Unpack rack tray. Rack trays include cage nuts and 10-32 screws for mounting the tray and blanking cover. If your rack rails are pre-drilled validate the required screw size. Test fit the position of tray in rack to determine the desired mounting location. Both trays utilize 3U of space.
- Step 2. Insert cage nuts (if required) into rack rail at required locations. The holes on the top and bottom of the tray will support the tray itself and the middle holes are for mounting the blanking cover.
- Step 3. Align tray into rack and insert four screws while supporting tray from below. Do not over-tighten screws as damage may occur to rack rails or cage nuts may become stripped.
- Step 4. Run all required wiring, following standard safety procedures as well as the requirements for your DIN rail components being installed. Secure wiring as required using nylon cable ties to the pre-drilled holes in the tray.
- Step 5. Install blanking cover using 4 screws.

VISION.NET DIN RAIL RACK MOUNT TRAYS

WARNING: Observe maximum load rating for each tray.

Horizontal Tray: 30 lb. (13.6 kg)

Vertical Tray: 15 lb. (6.8 kg)

WARNINGS AND NOTICES

When using electrical equipment, basic safety precautions should always be followed including the following:

- For indoor, dry locations use only. Do not use outdoors.
- Do not mount near gas or electric heaters.
- Equipment should be mounted in locations and at heights where it will not readily be subjected to tampering by unauthorized personnel.
- The use of accessory equipment not recommended by the manufacturer may cause an unsafe condition and void warranty.
- Not for residential use. Do not use this equipment for other than intended use.
